PLEASE READ COMPLETE INSTRUCTIONS BEFORE INSTALLING THIS Pro.Fit VSM™.
 All instructions assume a drivers seat vantage point. Caution is advised when removing and reassembling wood or plastic parts of a dash. Applying unnecessary force or pressure may cause a piece to crack or break.

Pro.Fit logo and part number will be right side up and readable when installed.

TOOLS REQUIRED: #2 Phillips screwdriver, telescoping magnet.

PARTS INCLUDED: Pro.Fit VSM™, instructions.

LOCATION: To the right of the radio and climate control.

STEP 1.

Begin by mounting the hang-up cup onto the **Pro.Fit VSM™**.

STEP 2.

Remove trim bezel surrounding climate control and radio by grasping the pocket at the bottom of bezel and pulling to release clips. A total of four (4) clips will be released.

STEP 3.

The **Pro.Fit VSM™** will be mounted using the screw holding the radio bracket (upper right corner of radio) to the dash, and the screw that is located to the right and above the radio. Remove lower screw using Phillips screwdriver and small telescoping magnet. Remove the top screw using Phillips screwdriver. Place screw through lower hole in mount and re-attach screw. Do not tighten completely. Insert top screw through hole in mount and tighten. Tighten bottom screw.

STEP 4. Replace trim bezel.

This completes the installation of your **Pro.Fit VSM™**.

Pro.Fit International, Inc.® may not be held liable for any damage to a vehicle before, during or after the installation or removal of this **Pro.Fit VSM™**. **Pro.Fit** may not be held liable for any personal injury resulting from accident or improper installation.
