

DODGE RAM PICKUP (1994-1997)

PART NUMBER: **DG-70-94**

PLEASE READ COMPLETE INSTRUCTIONS BEFORE INSTALLING THIS Pro.Fit VSM®.
All instructions assume a drivers seat vantage point. Caution is advised when removing and reassembling wood or plastic parts of a dash. Applying unnecessary force or pressure may cause a piece to crack or break.

Pro.Fit logo and part number will be right side up and readable when installed.

TOOLS REQUIRED: #2 Phillips screwdriver, flat file, masking tape, 5/64" drill bit and drill.

PARTS INCLUDED: Pro.Fit VSM®, one (1) #8 x 3/4" screw, Instructions.

LOCATION: To the right of the auxiliary power supply.

STEP 1.

Begin by removing complete dash trim bezel. To do this, slide cup holder out and remove one (1) screw on each side of cup holder. Pull cup holder out and set aside. Pull ashtray out and Remove one (1) screw on each side of ash tray. Pull ash tray out of cavity and set aside. Set emergency brake. Move gear shifter into drive position and tilt steering wheel down (if applicable). **CAREFULLY** release and remove dash trim bezel, and set aside.

STEP 2.

Remove one (1) screw on the far right side of dash, to right of auxiliary power supply. Position Pro.Fit VSM® over screw hole and mark plastic rib which is under Pro.Fit VSM®. Place masking tape over dash panel on right side of rib to protect it when filing. **CAREFULLY** file away only the rib section under mount with a flat file.

STEP 3.

Attach hang-up cup onto Pro.Fit VSM®. Reposition mount over screw hole and replace and tighten screw. Drill pilot hole using hole in Pro.Fit VSM® as a guide. The provided securing screw is put in from the driver's side toward the passenger side or from left to right. Tighten provided screw. **CAREFULLY** reinstall dash trim bezel and screws securing ash tray and cup holder assemblies.

This completes the installation of your Pro.Fit VSM®.
