PART NUMBER: **DG-91-91**

**PLEASE READ COMPLETE INSTRUCTIONS BEFORE INSTALLING THIS Pro.Fit VSM™.** All instructions assume a drivers seat vantage point. Caution is advised when removing and reassembling wood or plastic parts of a dash. Applying unnecessary force or pressure may cause a piece to crack or break.

**Pro.Fit logo and part number will be right side up and readable when installed.**

*TOOLS REQUIRED:* # 2 Phillips screwdriver, 5/64" drill bit, drill, marking pen.

*PARTS INCLUDED:* **Pro.Fit VSM™**, two (2)#8x1/2" screws, instructions.

*LOCATION:* Below air vent, left side of console at radio.

**STEP 1.**

Begin by opening glove box door. Carefully remove the trim bezel that surrounds the radio and climate control. To do this, grasp the bezel to the right of the air vent and pull towards you releasing one (1) clip. Continue working bezel loose until all clips are released. Set the Bezel aside.

**STEP 2.**

Position **Pro.Fit VSM™** along left side of air vent, flush with the steering column panel and towards the lower end of air vent. Mark holes for the two (2) mounting screws.

**STEP 3**

Using your drill and drill bit **carefully** drill two (2) 5/64" holes approximately 1/8" deep, sufficient to start self tapping screws. Attach phone hang-up cup to **Pro.Fit VSM™**.

**STEP 4.**

Mount **Pro.Fit VSM™** into position with two the (2) screws provided and tighten with Phillips screwdriver. Fish control cable through if necessary. Replace the radio and climate control bezel.

This completes the installation of your **Pro.Fit VSM™**.
