

CHRYSLER PT CRUISER (2001-2005)

PART NUMBER: **DG-92-01**

PLEASE READ COMPLETE INSTRUCTIONS BEFORE INSTALLING THIS Pro.Fit VSM®.
 All instructions assume a drivers seat vantage point. Caution is advised when removing and reassembling wood or plastic parts of a dash. Applying unnecessary force or pressure may cause a piece to crack or break.

Pro.Fit logo and part number will be right side up and readable when installed.

TOOLS REQUIRED: #2 Phillips screwdriver, hook tool.

PARTS INCLUDED: **Pro.Fit VSM®**, instructions.

LOCATION: To the right side of radio.

STEP 1.

Begin by removing the four (4) heater control knobs. Insert a hook tool behind them and pull forward to help slide the knobs off. Next, remove the panel located between the two (2) round air vents. Using a thin, flat-bladed screwdriver, pry the panel outward to remove. Slide the red safety clip off the wiring harness and disconnect the wiring. Set panel aside. Remove the Phillips screw located directly behind the panel.

Step 2.

Next, remove the dash panel from around the radio and air vent module. Insert a hook tool in the lower right corner of the panel and gently pull forward. Working the hook tool around the panel, release all the retainer clips and remove the dash panel.

STEP 3.

Remove the four (4) Phillips screws that hold the radio in place. Slide the radio forward slightly. Align the bottom hole of the **Pro.Fit VSM®** with the lower-right hole of the radio. Line up the top hole of the **Pro.Fit VSM®** with the radio alignment pin. Slide the radio back into the dash and replace the four (4) factory Phillips screws. Reassemble the dash in reverse order, making sure that the wiring harness is reconnected.

This completes the installation of your **Pro.Fit VSM®**.
