PLEASE READ COMPLETE INSTRUCTIONS BEFORE INSTALLING THIS Pro.Fit VSM™.
All instructions assume a drivers seat vantage point. Caution is advised when removing and reassembling wood or plastic parts of a dash. Applying unnecessary force or pressure may cause a piece to crack or break.

Pro.Fit logo and part number will be right side up and readable when installed.

TOOLS REQUIRED: #2 Phillips screwdriver, hook tool.

PARTS INCLUDED: **Pro.Fit VSM™**, instructions.

LOCATION: To the right of the climate control.

STEP 1.

Begin by removing the bezel that surrounds the radio and climate control. Locate and remove two Phillips screws below the radio using the Phillips screwdriver. Set the screws aside. Insert the hook tool between the climate control and the trim bezel in the upper right corner of the climate control. Pull toward you to release the clip to the right of the climate control. Perform this same action in the upper left corner of the climate control releasing a clip to the left of the climate control. Grasp the top section of the trim bezel. Pull back toward you to release two plastic clips located above the air vents. Once the bezel is loose, disconnect all wiring. Set bezel aside.

STEP 2.

Locate and remove two Phillips screws to the right of the climate control. Place the **Pro.Fit VSM™** over the two screw holes, aligning both holes. Insert and tighten factory screws.

STEP 3.

Re-assemble the dash in reverse order securing all wiring and clips. Install the phone holder onto the **Pro.Fit VSM™**.

This completes the installation of your **Pro.Fit VSM™**.

Pro.Fit International, Inc.® may not be held liable for any damage to a vehicle before, during or after the installation or removal of this **Pro.Fit VSM™**. **Pro.Fit** may not be held liable for any personal injury resulting from accident or improper installation.
